## Fireside Chats

**Orlando, Fla. (October 2, 2013)** – Student Body President Melissa Westbrook along with the Executive Cabinet of the Student Government Association and other esteemed guest will be holding our first “Fireside Chats”. The purpose of this event will be to update the Student Body of this administration’s current achievements and future endeavors.

The event itself will be taking place in the Student Union Room 221 from 12 p.m. to 2 p.m. on October 16, 2013. The doors will be open to everyone so we encourage students to stop by- considering it is a great opportunity for questions to be posed in regards to the topics discussed at hand. We also invite all campus media to come to the event as well and welcome their questions along with the students’.

During the forum, Executive Cabinet members will inform students on cabinet platform progress and initiatives that SGA has spearheaded across campus. Other topics to be discussed will include Bright Futures and Health Insurance, which will be touched on by speakers such as Representative Joe Saunders and Dr. Michael Deichen.

The UCF Student Government Association is a representative body modeled after the United States government. Through the three branches – executive, legislative and judicial – the UCF Student Government Association represents student issues and concerns at all levels of university decision-making. In addition, the UCF Student Government Association is constantly creating new services and initiatives aiming to make campus life better for all UCF Knights. For more information, contact the Public Relations coordinator at [sga\\_pr@ucf.edu](mailto:sga_pr@ucf.edu) or at (407) 823-6357.
